MY PROFILE

I am 21 years old student, and I'm currently in my 2nd year of an IT engineering school at CESI in PAU under the status of alternating student from October 2022. I am looking for a company abroad ready to host me for a period of 3 months from July 2024.

I am interested in computer science since my college years, and I was able to develop my knowledge and skills during my high school years as well as my 2 years of preparatory cycles at CESI.
I programmed a few Websites during my school year and for my own project, using the Angular Framework and learning Java from myself.
